

Turn left out of Orchard Side and follow any of these walks from 3 miles up to over 5 miles. Again there are a number of stiles and gates on every walk.

There are 2 Nature Reserve, one on the dismantled railway line at Brotheridge Green and the other, Melrose Farm is just below the railway line on the way to Upper Hook Farm

You may want to drive to Hanley Castle and park by the church for the walks there and you can finish up at the interesting pub The Three Kings.

You should find most of the footpaths are well signposted.
